About Our Golf Club

Bicester Hotel, Golf and Spa, known originally as Chesterton Golf Club was built in 1973 and designed by Mr R. Stagg. The golf club was purchased by the Payne family and they have taken the whole facility into the 21st Century.

The golf course is complemented by 11 lakes strategically placed around the course; these lakes help to provide a challenge to every kind of player in the golfing world.

Here are some of the reasons why you should choose Bicester Hotel, Golf and Spa as your golfing venue:

- A testing 6255 yard, Par 71, 18 hole golf course
- Emphasis is on positional play rather than length
- Undulating greens add to the challenge of the golf course
- 10 bay driving range
- Short game academy, which includes putting green, chipping area and practice bunker
- Fully stocked professional shop with leading brands
- PGA professionals on site for all your tuition needs

Our Pro's Tips

To dramatically improve your performance and help you tackle the challenge of Bicester Golf Club, always remember to warm up before your round.

A basket of balls on the driving range will mean you hit the first tee ready for action. Once on the course, substitute some length for accuracy, better scores come from the fairways.

Our Driving Range

The 10 bay driving range has the most up to date artificial grass and is positioned from a raised teeing area with many targets at different distances to help concentrate your practice, or enable you to have fun competitions with fellow golfers.

Range tokens are available from either the professional shop or spa reception.
